To Whom It May Concern:

On behalf of the Great Lakes Bay Manufacturers Association (GLBMA), I am writing in support of Jeremy Bockelman for the Community Impact Award.

Jeremy Bockelman serves as the Executive Director for the Great Lakes Bay Manufacturers Association as well as the Michigan Manufacturing Technology Center; his passion is supporting the communities he serves in his many roles.

Jeremy does not boast about his contributions to the community, below are some examples of why I support Jeremy for the Community Impact Award are for the following reasons:

- Committee member for the Saginaw CTE millage serving as the sign committee chairperson
- Leading the PRIME school Initiative for the Region
- Supports various community projects through the support of local fundraisers
- Supports the local festival in Frankenmuth
- Served as a Dancing Star for a local school raising over a \$100,000
- Serves the statewide community promoting the work, live and play in the Great Lakes Bay Region

I agree with Patrick Curry of Fullerton Tool when he said, "Jeremy has a true passion for manufacturing and the Great Lakes Bay Area. Jeremy is already a leader in the community, and I expect that as he progresses through his career, the manufacturing community will benefit greatly. Few people are as dedicated to the community as Jeremy."

I fully support Jeremy's nomination for the Community Impact Award, for these reasons and many more.

Regards,

Tanya Blehm

To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for the Community Impact Award in support of Jeremy Bockelman. Jeremy has been a driving force in providing assistance toward our Saginaw County CTE initiatives in manufacturing. He has helped to educate community members about the manufacturing industry and related careers, supporting the successful passage of the CTE millage in November.

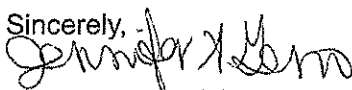

Jeremy currently serves on the Advanced Manufacturing program advisory committee for the Saginaw Career Complex, which serves to provide direction for curriculum, equipment, and training for this brand new CTE program. This type of training is sorely needed in Saginaw County, and Jeremy has been instrumental in moving this initiative forward. From securing training resources for the new program to advising on lab set-up and equipment needs, Jeremy continues to take valuable time out of his schedule to make this a priority.

In addition, Jeremy is a member of the M-46 Talent Consortium for the Marshall Plan for Talent. In December of 2018, Saginaw ISD was awarded over \$6 million to fund and implement the plan. He co-chairs the committee tasked with implementation of PRIME in Saginaw County, which is the Partnership Response In Manufacturing Education. This is a huge initiative that will positively impact our entire community.

These are just a few examples of how Jeremy Bockelman had positively impacted the Saginaw community, and thus the entire region.

It is without reservation that I recommend Jeremy Bockelman for the Community Impact Award.

If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

Jenny Geno, Ed.S.
