Dear Friends and Supporters,

The East Side Soup Kitchen has been serving those who struggle with food security in Saginaw since 1980. Last year our organization served 95,367 meals. Of those meals, 28,345 were distributed to children through our After School Meal Program. This year during the first quarter of 2017, we have served 23,783 meals and an additional 6,527 so far in April. The support we receive makes an incredible impact on the lives of the community members we serve daily.

Please consider supporting our mission to help those who face hunger through tournament participation or sponsorship. I look forward to hearing from you.

Peace-

Dawn Goodrow
Director
